REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance:

Independent Claims 1, 6, and 10 among other things teach the limitation "indicating user access status whether each particular user has accessed at least one document for each of a plurality of users of collaborative groupware software and displaying a status row bar in a view window of each user automatically providing a user access status indication indicating the user access status for every user of each document in the status row bar, viewable by all users of the groupware" further defining users and documents in groups and access status by colors and patterns in combination with the dependent claims 3-5, 8-9, 11-17.

The prior art does not teach the cited limitation.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
